Dear Council Members:

As a Central Square resident, I urge you to vote no on the Normany Twining Proposal for Central Square and instead proceed with developing a Master Plan for Cambridge as a whole with immediate attention to housing needs for low and moderate income people. This proposal sets a bad precedent for radically changing the zoning for one developer who minimally addresses the need for affordable housing and leaves out the need for low income housing totally. I don't understand the resistance to planning that has emerged.

Please do what is ultimately good for the community and vote "NO" on this project say no to piecemeal building.

Thank you

Jacquelyn Smith
